SENIORS IN ACTION

TENERIFI

Junjsko uvodno srečanje partnerjev je potekalo v živo v Španiji, kjer smo predstavili Slovenijo, Šentjur, Razvojno agencijo Kozjansko, Ljudske univerze Šentjur, naše izzive in pričakovanja, projektnih ciljev in učinkov, ki jih želimo doseči za lokalni prostor.

Pomembno mesto v projektu pa ima tudi medkulturno učenje in razumevanje interpretacije doživljajskega turizma za ljudi s posebnimi potrebami.

TENERIFE

The first meeting of the partners took place in June in Spain, where we presented Slovenia, Šentjur, Development Agency Kozjansko, Adult Education Centre Šentjur, our challenges and expectations, as well as the project objectives and the impacts we want to achieve for the local area.

Intercultural learning and understanding of the interpretation of adventure tourism for people with disabilities is also an important part of the project.

SENIORS IN ACTION

Cilj projekta je podpora in pomoč starejšim ter ljudem s posebnimi potrebami, da kvalitetneje preživljajo svoj prosti čas in so učinkoviteje vključeni v lokalno skupnost ter imajo glede na njihove ovire optimalen dostop tako do kulturnih kot turističnih vsebin.

Erasmus+

SENIORS IN ACTION

The aim of the project is to support and help older people and people with disabilities to spend their leisure time better, to be more involved in their local community and to have optimum access to cultural and tourist facilities in view of their constraints.
